

The year is winding down and with the end of third quarter it is important for your students to stay focused on their studies and current on their math homework. It will not be long before we are taking semester exams! Remember extra help is always available during 8th hour study hall from Mrs. Fransen or Ms. Janssen, in addition math study lab is every Wednesday morning at 7:15 A.M.

The juniors will be taking their PSAE exam on April 28 and 29. The PSAE exam is important both individually and for your school. Starting in April juniors will be required to attend a once-a-week study session during 8th hour study hall with Ms. Janssen. Students will receive extra practice for the math portion of the PSAE outside of the typical preparation done in their individual math class.

STORY PROBLEM OF THE MONTH

Chris guessed at all ten questions on a true-false test. What is the probability that all of the guesses are correct?

Solve this problem with your student, sign your names to the work, and have your child return to his or her math teacher for extra credit.

Happy Solving
