

Wow, it's here, it's really here. Baseball season! The snow is gone and we are finally practicing outside, I hope to see you at a game here soon. The Pearl City baseball coaches and varsity players will be holding a one day Saturday clinic for all younger players and their coaches sometime in April or May, I will be sending more information home and have it posted on the school's web site very soon.

The 8th graders have finally finished the Illinois Constitution and we are now moving on to more recent history including WWII, the Cold War, the War in Korea and Viet Nam before the school year is over. In 7th grade we will make our way through the Industrial Revolution, and the Civil War before we wrap things up this year.

I have just received my Census report form and I figure that most of those of us that live in Pearl City have received them as well. I have filled mine out and I hope you have too. It is very important that we fill this form out, the numbers the government gather from the census are used for everything for the number of Representatives we have in Washington to funding for roads and more importantly our schools. This is a normal process of government and is very important, please take the time to fill this out.
