Bullying and Harassment

The District does not tolerate acts of bullying and harassment on any prohibited basis, including acts of harassment based on disability, race and gender. The District has recently adopted revised bullying and harassment policies, which are available at <http://www.pcwolves.net/domain/15>. Any person who believes he or she has been subjected to harassment or a hostile environment should report the harassment or hostile environment to the District and the District will conduct a prompt and thorough investigation into the complaint. Persons who are found to have engaged in acts of harassment or other acts that create a hostile environment will be promptly disciplined in a manner consistent with the District's anti-harassment and bullying policies and the student code of conduct. Bullying and harassment are best prevented by students, parents and District staff working together to identify and respond to such acts.
